

Issue Date: 09/2024

All teams registered for the 2024 Sasol Solar Challenge should take note of the following official amendments to the Sasol Solar Challenge Regulations. This includes all the relevant event documentation as approved by the Event Director, Robert Walker.

We hope this notice finds you well as you gear up for the highly anticipated 2024 Sasol Solar Challenge. We would like to share clarification regarding the impact of time penalties and were they will be served.

Kindly revert to the Sporting Regulations V 2.0 which also contains the updates of Team Notice 2.0.

2.21. Special Stages

- 2.21.5 A time penalty of one minute will be imposed for each minute taken past the official finish time, up to and including 10 minutes past the official finish time. Beyond 10 minutes, each additional minute will attract a penalty of two minutes. Time penalties incurred in this manner will be served at the control stop the following day.

Example: If a team finishes at 17H07 on Day 2, the total time penalty for Day 3 will 00:07. If a team finishes at 17H13 on Day 2, the time penalty for Day 3 will be determined by $1 \times 10 + 2 \times 3$ minutes to 00:16.

For any questions or clarifications regarding the regulation amendments, feel free to reach out to our Project Admin, Sinenhlanhla Jali, at admin@solarevents.co.za

These amendments will supersede any previous regulations.

Event Director
Robert Walker
